Swiss Shield Ventus

Light. Protective. Luxurious Comfort.

Enjoy peace of mind at home with **Swiss Shield Ventus** - premium radiation protection without sacrificing comfort. Our advanced fabric blends state-of-the-art shielding technology with a soft, luxurious feel, turning your living space into a safe and welcoming sanctuary.

Protection Meets Lifestyle

Crafted from **78% cotton and 22% copper/silver**, woven with our exclusive Swiss Shield yarn, Ventus delivers **outstanding shielding performance** while feeling **light, breathable, and incredibly soft** against the skin.

Proven Shielding Performance:

- 1 GHz: 47 dB → ~99.998% protection
- 3.5 GHz: 36 dB → ~99.974% protection

Why Swiss Shield Ventus Stands Out:

- **Soft, airy, and breathable** - perfect for canopies, curtains, or custom interior solutions
- **OEKO-TEX Standard 100 certified** - safe, sustainable, and gentle on health
- **Durable and easy-care** - non-conductive, no grounding required
- **Generous dimensions:** approx. 79 g/m², width 245 cm
- **Customizable colors** available on request (minimum order quantity applies)

Swiss Shield Ventus

The **innovative shielding fabric** that protects your home while elevating your comfort and style.
